ORGANIZATIONAL OVERVIEW

Horizon Gramodhyog Vikas Samiti is a non-governmental organization and it is visualizing on creating a society which will be free from hunger, exploitation, and subjugation of any type. It will be based on justice, peace and equality irrespective of caste, gender, religions and political, where people will live in peaceful co-existence with nature; where people love, respect and co-operate each other for their self-reliance and prosperity in the society as well as in humanity as a whole. It has grown to become a convergence point for economically disadvantaged groups who lack access to credit and other community sources.

Organization started with limited resources and manpower. The organization aims to empower the economically weaker & socially marginalized section of the society through capacity building of the people. Beside this, it is working with various NGOs, Governmental organizations, the group felt that rural development in District Sambhal, Uttar Pradesh State need a different approach i.e. professional and scientific approach rather than conventional approach to take up the challenges of state for its overall development. In fact, the voluntary and non professional way of working has created innumerable problems in long run, which hamper the real growth after lots of financial & physical investment. Therefore, the group has initiated this institution with a belief of "Participatory Development Process" which will be sustainable in a long way.

As far as the legal status of Horizon Gramodhyog Vikas Samiti is concerned, it is a legally constituted voluntary organization having registered under Societies Registration Act of 1860. It works on No Profit-No Loss basis. It is also entitled to receive donation/contribution from outside India as it has FCRA certification, issued by the Ministry of Home Affairs, Government of India.

VISION OF THE ORGANIZATION

A world where individuals have dignity, self respect and people respect each other without the barriers of poverty, gender, caste, and religion. Beside this, whole development (socio, eco, political & spiritual) should be necessary for better development

of whole society. Our main aim has been to convert the individual dreams into a collective consciousness through community convergence and participatory approach with the tools of self as well as social awareness.

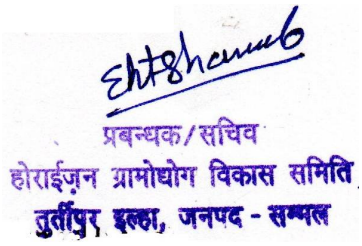

"If We Can Dream It We Can Do It."

We know that the path we've chosen is long and arduous yet our morale is on a high, we don't claim that we'll change the whole society, but through our honesty, education and hard work we might just succeed in making some difference.

MISSION OF THE ORGANIZATION

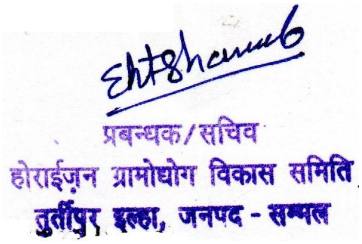

Horizon Gramodhyog Vikas Samiti wants to enrich the society in proper manner, so that, every problematic person can get appropriate opportunity for their better development. Through which, society can nourish the development of its own people.

- To create a cohesive and more united society and to enable poor, rural communities to improve their social and economic condition/situation through participatory development.
- To create innovative models of sustainable development that can be replicated in India and throughout world.
- To empower community members to sustain projects activities autonomously and to launch new development endeavors for the improvement of their communities.
